

## Senior Design Contract PlaySports!

### A: Team Structure

There will be no official “leader” of the group, but rather decision making functions will be shared among the team. If any conflicts arise in design choices they will be decided on by a majority vote of the members. There will be no official regular meetings unless the group decides that we should institute that policy. All official group communications will be sent via the group Facebook page.

### B: Team Participation

Tasks will be taken on a volunteer basis. It is the responsibility of each individual to stay on task and complete an appropriate amount of work. Members are encouraged to regularly post updates to their progress on the Facebook page so that the entire group can be on the same page.

### C: Peer Evaluation

If the group feels that a member is not completing an appropriate amount of work, the group can call an official meeting and hold a vote. If the group (minus the member in question) unanimously agrees that the member is not contributing, then an official warning will be sent via email and posted on the Facebook group. The group will meet again one week after the warning and hold another vote. If the group unanimously agrees that the member is still not contributing then that member will be ejected from the group and receive no credit for the project.

Signed
